CLEARVUE™ VLXL

The Infinium ClearVue™ VLXL

Video Laryngoscopes

The Infinium ClearVue™ video laryngoscope adopts state-of-the-art image technology and possesses the advantage of a 2.0 megapixel full view camera with an 8 inch high-resolution monitor. The ClearVue™ features a rechargeable li-ion battery for mobile use. The HD optics offer a unique anti-fog and high resolution image. The overall design is compact and ergonomic. A high-resolution view of the glottis will enable clinicians first-attempt success while minimizing any chance of a complication during the intubation process.

The Infinium ClearVue™ Video Laryngoscopes are:
